Semper Tek, Inc. began in 2008 and celebrates 10-years

Semper Tek and Hinkle Construction Services - The Team

Semper Tek and **Hinkle Construction Services** have pursued and performed selected contracts as a Team since 2012 where Semper Tek acted as the Prime Contractor. The two firms are both located in the Lexington, KY area and have well-respected and established reputations. Both firms operate under similar philosophies of Safety as the number one priority, Excellent Customer Service, and High Quality end products.

The general construction expertise offered by **Semper Tek** coupled with the Civil Construction, Utilities Construction, and Heavy Highway expertise of **Hinkle Construction Services** brought together the perfect marriage of capabilities to help both firms achieve growth in these respective business sectors.

In December 2016 **Semper Tek** and **Hinkle Holding Company** entered into an SBA-Approved Mentor Protégé relationship. During the first year of this relationship Semper Tek, the Protégé firm, has benefited through financial, business development, and administrative processes mentoring from the management of Hinkle Holding Company.

In June 2017 **Semper Tek – Hinkle JV** was created and approved in SAM.gov. Resources of both firms are available to the JV for project execution.

HINKLE
