About SEMPER TEK, Inc.

Semper Tek, Inc. is a small business with "big business" caliber executives and personnel. Our team offers more than 75 years of combined experience performing construction contracts valued beyond \$300M.

Semper Tek, Inc. is equipt to execute projects of all sizes throughout the southeast region of the U.S. Our project experience ranges in value from less than \$500K to more than \$8M. Our firm strives to be the premiere SDVOSB firm in the southeast region by providing excellent customer service, on-time, and in-budget delivery of each project. We strive to form partnerships with every client. This approach has allowed us to be an incumbent on multiple MATOC contracts, as well as receive numerous awards with specific agencies and departments of the government.
