## 5th Floor Addition

Contract Number:	VA249-15-C-0031
Client:	Department of Veterans Affairs
Location:	Lexington VAMC, Cooper Div., KY
Cost:	\$8,538,398
Award Date:	03-31-2015
Completed:	12-01-2016
VA POC:	Matt Whisman (859) 281-3883

This highly complex project involved the demolition and new construction of a fifth floor addition, including the extension of elevator shaft and stairwell. The hospital facility remained fully operational during this project. This compact job site required a tower crane and well coordinated site utilization.

Safety and Health Protocol were carefully followed, specifically for dust, noise, and infection controls so as to not interfere with the patient care and daily activity of the hospital. The fifth floor was finished as executive offices and meeting spaces.
